# 44 Remedies and 22 Eliminating Rubrics

(i)

ACONITUM NAPELLUS

(Monkshood)

A state of fear, anxiety, anguish of mind and body. Physical and mental restlessness, fright, is the most characteristic manifestation of Aconite. Acute, sudden and violent invasion, with fever, call for it. Does not want to be touched. Sudden and great sinking of strength. Complaints and tension caused by exposure to dry cold weather, draught of cold air, checked perspiration, also complaints from very hot weather, especially gastro-intestinal disturbances, etc. First remedy in inflammations, inflammatory fevers. Serous membranes and muscular tissues affected markedly. Burning in internal parts; tingling, coldness and numbness. Influenza. Tension of arteries; emotional, physical and mental tension explain many symptoms. When prescribing Aconite, remember Aconite causes only functional disturbance, no evidence that it can produce tissues change-its action is brief and shows no periodicity. Its sphere is in the beginning of an acute disease and not to be continued after pathological change comes. In Hyperaemia, congestion not after exudation has set in. influenza (Influenzin).

1-INDICATED IN acute or recent cases occurring in young persons, especially girls of full, plethoric habits *who lead a sedentary life*;- PERSONS easily affected by atmospheric changes; dark hair and eyes', rigid muscular fibre.

2-COMPLAINTS caused by exposure to *dry and cold air, dry north or west winds*, or exposure to draughts of cold air while in a perspiration; bad affects of checked perspiration.

3-Great fear and anxiety of mind, with great nervous excitability;

## **ACONITE NAP.**

**AFRAID** to go into a crowd where there is an excitement or many people; to cross the street.

**4-THE COUNTENANCE** is expressive of **fear**; *the life is rendered miserable by fear*; is sure his disease will prove fatal; predicts the day he will die; fear of death during pregnancy.

5-This **MENTAL ANXIETY**, worry or fear accompanies the most trivial ailments.

6-Everything **STARTLES** him, restless, anxious, does everything in great haste : must change position often.

**7-PAINS** are intolerable, they drive him crazy; he becomes very restless; at night.

**8-MUSIC** is unbearable, makes her sad (Sab.-during menses, Nat. a).

**9-ON RISING** from a recumbent position the red face becomes deathly pale, or he becomes faint or giddy and falls, and he fears to rise again; often accompanied by vanishing of sight and unconsciousness.

**10-AMENORRHOEA** in plethoric young girls; **after fright**, to prevent suppression of menses.

**11-CONGESTIVE STAGE** of inflammation before localization takes place.

**12-FEVER** : **skin dry and hot**; face red or pale and red alternately : *burning thirst for large quantities of cold water*; **intense nervous restlessness, tossing about in agony**; becomes intolerable towards evening and while going to sleep.

**13-CONVULSIONS** of teething children; heat; jerks; and twitches of single muscles; child gnaws its fist, frets and screams; skin hot and dry; high fever."

**14-COL'GH**, croup; dry hoarse, suffocating; loud, rough, croaking, hard, ringing, whistling; *on expiration* (Caust.-on, inhalation, Spong); **from dry, cold winds or drafts of air.**

\*

\*

15-ACONITE IS THE ACUTE OF SULPHUR, and both precedes and follows it in acute inflammatory condition.

16-Aconite should never be given simply to control the fever, never alternated with other drugs for that purpose. If it be a case requiring Aconite no other drug

objects (Lye., Stram.); after 3 P.M.; night, after midnight : while drinking; uncovering the head: summer sun; lying down.

(7)

**BRYONIA**

(Wild Hops)

Acts on all serous membranes and the viscera they contain. Aching in every muscle. The general character of the pain here produced is a stitching, tearing; worse by motion, better rest. These characteristic stitching pains, greatly aggravated by any motion, are found everywhere, but especially in the chest; worse pressure. Mucous membranes are all dry. The Bryonia; patient is irritable; has vertigo from raising the head, pressive headache; dry, parched lips, mouth; excessive thirst, bitter taste, sensitive epigastrium, "and feeling of stone in the "stomach; stools large, dry, hard; dry cough; rheumatic pains and swellings; dropsical effusions into synovial and serous membranes.

Bryonia affects especially the constitution of a robust, firm fiber and dark complexion, with tendency to leanness and irritability. It prefers the right side, the evening, and open air, warm weather after cold days, to manifest its action most markedly.

Children dislike to be carried or raised. Physical weakness, all-prevading apathy. Complaints apt to develop slowly.

1-IS BEST ADAPTED to persons of a gouty or rheumatic diathesis; prone to so-called *bilious attacks*.

2-BRYONIA PATIENTS are irritable, inclined to be vehement and angry; dark or black hair, dark complexions, firm muscular fibre; dry, nervous, slender people (Nux.)

3-PAINS; stitching, tearing, worse at night; < **by motion**, *inspiration, coughing*; > by absolute rest and lying on **painful** side (Ptel. Puls.-stitching pain, but < and > are opposite, Kali a).

4-EXCESSIVE DRYNESS *of mucous membranes of entire body* : lips and tongue dry, parched, cracked; stool, dry as if burnt; cough, *dry*,

(13)  
COLOCYNTHIS  
(Bitter Cucumber)

Often indicated in the transition season when the air is cold, but the sun is still powerful enough to heat the blood.

Develops most of its symptoms in the abdomen and head, causing intense neuralgias. It is especially suitable for irritable persons easily angered, and ill effects therefrom. Women with copious menstruation, and of sedentary habits. Persons with a tendency to corpulency. The neuralgic pains are nearly always relieved by pressure. Cramps and twitching and shortening of muscles. Constrictions and contractions. Cystospasm following operations of orifices.. (**Hyper.**). Urinous odor of perspiration. (Berb., Nitr. ac). Agonizing pain in abdomen, causing patient to bend double, is most characteristic. Sensations : Cutting twisting, grinding, contracting and bruised; as if clamped with iron bands.

1-**AGONIZING** pain in abdomen causing patient to bend double, with restlessness, twisting and turning to obtain relief > by hard pressure (> by heat, Mag. p.).

2-**PAIN** shooting like lightning-shocks, down the whole limb, left hip, left thigh, left knee, into popliteal foosa.

3-**PAINS** : are worse after eating or drinking; compel the patient to bend double (Mag. p. - < by bending double, Dios.); menses, suppressed by chagrin, colic pains.

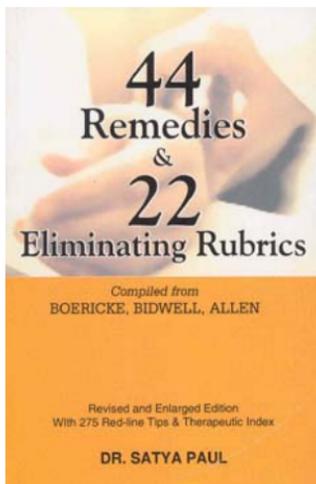

4-**IRRITABLE EXTREMELY** impatient; becomes angry or attended! on being questioned.

5-**IRRITABLE**; throws things out of his hands.

6-**AFFECTIONS** after anger, with indignation-colic, vomiting, diarrhoea and suppression of menses (Cham., Staph.).

7-**VERTIGO** : when quickly turning head, *especially to the left*, as if he would fall; from stimulants.

b-**SCIATICA** : crampy pain in hip, as though screwed in a vise; lies upon affected side.
